**End Application:**

Model sh60b helicopter mark iii

**Special Features:**

Printed wiring board 1, electrical connector 1, fixed capacitors 8, transistors 12, fixed resistors 39, semiconductor devices 7; cognizant service: navy; fsc application data: automatic flight control systems, acft

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A511k0
