Overall Length:

4.500 inches

Overall Height:

0.100 inches

Overall Width:

4.060 inches

End Application:

An/alq-99

Features Provided:

Electrostatic sensitive

Criticality Code Justification:

Cbbl

Product Name:

Track break notch clock

Special Features:

Printed wiring board 1; microcircuit 16; connector 1; resistor 13; capacitor 12; diode 4; insulator 2

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
