Overall Length:

9.760 inches

Overall Height:

0.420 inches

Overall Width:

6.550 inches

End Application:

Trainer flight simulator, f-16 aircraft

Product Name:

Usage design: centroid correction

Special Features:

Printed wiring board 1; capacitor 30; microcircuit 26

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A511k0
