Overall Length:

4.500 inches

Overall Height:

0.875 inches

Overall Width:

3.250 inches

End Application:

6515-01-141-3465 suction apparatus surgical

Product Name:

Circuit card assembly

Special Features:

Major components: printed wiring board 1; integrated circuit, timer 1; control rectifier 1; diode 2; capacitor 2; resistor 5; wire, 18 gauge 2; terminal 0.250 in. Spade, female 2; terminal 0.250 in. Double male 4; cubic measure: 0.007 cubic feet; mounting configuration: four 0.156 in. Diameter holes on corners, centered 0.250 in. By 0.218 in. Unpackaged unit weight: 0.125 pounds; exterior container weight: 1.000 pounds; exterior container quantity: 1; unit of issue cube: 0.007 cubic feet; 115 vac, 50/60 hz; unit of issue weight: 0.125 pounds; purchase description: 50306-3000755

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
