**Overall Length:**

9.000 inches

**Overall Height:**

0.333 inches

**Overall Width:**

5.560 inches

**End Application:**

Model e-2c acft

**Special Features:**

Major components: connector 2; capacitor, 27; microcircuit 48; printed wiring board 1; resistor network 4; resistor, fixed 4; special test features: fragility factor 42g; unpackaged unit weight: 1.700 pounds

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A511k0
