Overall Length:

11.500 inches

Overall Height:

0.750 inches

Overall Width:

5.625 inches

End Application:

6530-01-134-3182 thermoregulator, patient

Product Name:

Display board

Special Features:

Major components: capacitor 38; printed wiring board 1; resistor 49; potentiometer 2; diode 37; transistor 15; light 14; switch 4; connecting socket 2; connecting grd 1; patient probe jack 1; cubic feet 0.030; mounting configuration: eleven 0.156 in. Diameter mounting holes

Unpackaged Unit Weight:

0.575 pounds

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A511k0
