Overall Length:

10.375 inches

Overall Height:

1.000 inches

Overall Width:

8.625 inches

End Application:

Used in control panel assembly

Special Features:

Printed wiring board 1, transformer 4, capacitor 2, relay socket 3, variable resistor 4, posistor 1; 89.484 cubic in.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
