Overall Length:

10.750 inches

Overall Height:

0.850 inches

Overall Width:

9.375 inches

End Application:

Trainer, flight simulator; a/f37a-t63, f-16 aircraft, 6930011245018

Product Name:

Usage design: digital phase shifter and waveform synthesizer

Special Features:

Printed wiring board 1; capacitor 59, switch 1; resistor 32; transistor 2; crystal 2; integrated circuit 18

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A511k0
