Overall Length:

8.870 inches

Overall Width:

7.600 inches

End Application:

Model p-3 acft

Product Name:

Fsc application data: power supply, data analysis programming group

Special Features:

Printed wiring board 1; capacitor 50; semiconductor device 16; connector 1; inductor 6; transistor 4; transformer 6; microcircuit 1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
