Overall Length:

4.900 inches

Overall Height:

1.040 inches

Overall Width:

4.200 inches

End Application:

Model p-3 acft

Product Name:

Fsc application data: data analysis-programming group, automatic data processing

Special Features:

Printed wiring board 1; capacitor 33; microcircuit 1; resistor 77; resistor, variable 3; connector 1; semiconductor device 15; transistor 7

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
