Body Style:

Double flair entry

Overall Length:

3.500 inches

Overall Height:

0.063 inches

Overall Width:

0.198 inches

Unthreaded Mounting Hole Diameter:

0.067 inches all mounting facilities

Mounting Facility Type And Quantity:

2 unthreaded hole all mounting facilities

Material:

Copper alloy 172

Material Specification:

Qq-c-533 federal specification single material response

Surface Treatment:

Cadmium

Surface Treatment Specification:

Qq-p-416, type 2, class 2 federal specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03600
