### **Overall Length:**

5.000 inches

**Overall Width:** 

0.196 inches

**Unthreaded Mounting Hole Diameter:** 

0.067 inches all mounting facilities

# Mounting Facility Type And Quantity:

3 unthreaded hole all mounting facilities

### **Features Provided:**

Right hand lock

Material:

Copper alloy 172

### **Material Specification:**

Qq-c-533 federal specification single material response

#### Surface Treatment:

Cadmium

# Surface Treatment Specification:

Qq-p-416, type 2, class 2 federal specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

---

#### Demilitarization:

No

# Fiig:

A03600
