**Overall Length:**

10.000 inches

**Overall Height:**

0.625 inches

**Overall Width:**

5.425 inches

**End Application:**

F-16 avionics familiarization trainer

**Product Name:**

Cca, dual processor

**Special Features:**

Components: connector 1-100 male contacts on printed circuit edge board 0.125 inch spacing, 50 contacts each side; printed wiring board 1; mounting method: plug-in with 2 mounting holes; located in cpu; approved for use on depot level ground based equipment only

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A511k0
