Overall Length:
10.000 inches
Overall Height:
0.625 inches
Overall Width:
5.425 inches
End Application:
F-16 avionics familiarization trainer
Product Name:
Cca, dual processor
Special Features:
Components: connector 1-100 male contacts on printed circuit edge board 0.125 inche spacing, 50 contacts each side; printed wiring
board 1; mounting meathod: plug-in with 2 mounting holes; located in cpu; approved for use on depot level ground based equipment only
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A511k0
