Overall Length:

6.000 inches

Overall Height:

0.196 inches

Overall Width:

0.675 inches

Unthreaded Mounting Hole Diameter:

0.066 inches all mounting facilities

Mounting Facility Type And Quantity:

3 unthreaded hole all mounting facilities

Features Provided:

Left hand lock

Material:

Steel and copper alloy 172

Material Specification:

Qq-s-698 federal specification 1st material response and qq-c-533 federal specification 2nd material response

Surface Treatment:

Cadmium

Surface Treatment Specification:

Qq-p-416, type 2, class 2 federal specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03600
