Overall Length:

15.000 inches

Overall Width:

15.000 inches

End Application:

General purpose automatic data processing equipment, software, supplies and support equipment

Features Provided:

Electrostatic sensitive

Criticality Code Justification:

Cbbl

Special Features:

Controller card, printer-plotter

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
