Overall Length:

6.000 inches

Overall Width:

2.500 inches

End Application:

Low level wind shear alert system (llwsas)

Product Name:

Functional description: 7 digit display

Special Features:

Capacitor 2, diode 7, microcircuit 10, printed wiring board 1; function: cca, 7 digit center field wind display; reference data: 1a12a2, ti 6560.116a, fa 10239, pg 8-33

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
