Overall Length:

11.000 inches

Overall Height:

1.250 inches

Overall Width:

6.125 inches

Special Features:

Bus bar 17; capacitor, fixed, ceramic 49; capacitor, fixed, electrolytic 15; capacitor, variable, ceramic 5; connector, receptacle, electrical 4; diode, semiconductor device 38; fuse, cartridge 5; heat sink 1; microcircuit, digital 3; microcircuit, linear 7; printed wiring board 1; resistor, fixed, composition 104; resistor, fixed, film 41; resistor, fixed, non-wirewound 11; resistor, fixed, wire wound 4; resistor, thermal 2; switch, push 7; test point 14; transistor 32

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
