Overall Length:

12.187 inches

Overall Height:

1.222 inches

Overall Width:

7.250 inches

End Application:

Surveillance and warning systems

Features Provided:

Electrostatic sensitive

Criticality Code Justification:

Cbbl

Product Name:

Pulse compressor, tap sum

Special Features:

Pwb 1, microcircuit 75, cap 42

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
