**Overall Length:**

6.000 inches

**Overall Height:**

0.875 inches

**Overall Width:**

2.750 inches

**End Application:**

Low level wind shear alert system (llwsas), fa-10044

**Product Name:**

Functional description: 7 digit display

**Special Features:**

Capacitor 2, resistor 2, microcircuit 8, led display 7, printed wiring board 1; local controller display assembly; function: cca, 7 digit display, lcd; reference data: item 14, ti-6560.11, instruction book, low level wind shear system, sec 3-11, vol 2, pg 10-41, climatronics corp

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A511k0
