Overall Length:

5.500 inches

Overall Height:

0.062 inches

Overall Width:

5.000 inches

End Application:

Multi-meter receiver model 78050-11/002; meter lamp test card on the liquid level sensing control module used on board 210 ft uscg vessels

Special Features:

Major components: resistor 34.8k 2; resistor 45.2k 9; resistor 120 ohm 3; relay 3; diode 1; jumper wire 22awg; p.C. Board 1

Unpackaged Unit Weight:

1.000 pounds

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A511k0
