Overall Length:

7.750 inches

Overall Height:

1.250 inches

Overall Width:

7.250 inches

End Application:

5840-00-458-9195, radar set, radar interface control equipment memory power supply, an/fps-85

Product Name:

Usage design: memory

Special Features:

Printed wiring board 1; capacitor 26; microcircuit 34; lithium iodine cell battery 1; resistor 4; header assembly 1; protective cover 1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
