End Application:

1005-01-188-5921; 20 mm ammo loading system

Features Provided:

Electrostatic sensitive

Product Name:

Input/output conversion

Special Features:

Major components: printed wiring board 1; retainer 2; keying pin 2; microcircuit 2; capacitor 76; connector 2; varistor 6; resistor 48; microcircuit 29; mounting configuration: angle receptacle; reference data and literature: mfr pt list pl197c7651; type/model designation: goalkeeper/217f860

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
