**Product Name:**

Fsc application data: specialized ground servicing equipment

**Special Features:**

Printed wiring board 1; capacitor fixed 71; connector 1; diode 9; resistor fixed 55; resistor network 1; resistor variable 1; transistor 51

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A511k0
