**Overall Length:**

6.500 inches

**Overall Width:**

6.000 inches

**End Application:**

Uscg vessels

**Product Name:**

Used as f80 pulse transformer board

**Special Features:**

Used on 140 ft uscg vessels; major components: printed wiring board 1, resistor 8, diodes 4, capacitors 4, transformers 4

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A511k0
