Overall Length:

3.750 inches

Overall Height:

1.500 inches

Overall Width:

1.500 inches

End Application:

Low level wind shear alert system, fa-10239

Product Name:

Functional description: switch cwd

Special Features:

Pushbutton switch, data fail 1; resistor, adjustable 1; diode 2; printed wiring board 1; function: printed circuit board, switch; reference data: 1a12a3. Ti-6560.16a, fa-10239, llwas, pg 8-34

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
