Overall Length:

4.140 inches

Overall Height:

0.890 inches

Overall Width:

5.060 inches

Features Provided:

Electrostatic sensitive

Special Features:

Major components: printed wiring board 1; capacitor 40; contact 720

Precious Material And Location:

Contact surfaces gold

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
