

View Online at <https://aerobasegroup.com/nsn/5998-01-250-1447>

Special Features:

Major components consist of: printed wiring board 1; card extractor 2; screws 8; pin, roll 2; capacitor 59; relay 1; connector 1; transistors 214; quad opnl ampl, 1c 11; 10v reference 1; quad voltage comptr, 1c 1; multiplier/divider, 1c 1; semiconductor device, diode 18
feat
electronic components are subject to damage by static-electricity handle iaw mil-std-454, reqt 64 (sm10029)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
