Criticality Code Justification:

Zzzy

Special Features:

Integrated circuit 39; capacitors 19; resistors 12; diode 3; printed wiring board 1

Reference Number Differentiating Characteristics:

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
