Overall Length:

6.000 inches

Overall Height:

1.000 inches

Overall Width:

5.000 inches

End Application:

Thermocuvette circuit card assembly used on end item 6650-01-117-3904;

Special Features:

Major components: capacitors 5; amplifier 1; diode bridge 1; transistor 1; resistors 21; potentiometers 4; slide switch 1; integrated circuit 1; zener diode 1; cubic measure: 0.007 cubic feet; exterior container quantity: 2

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A511k0
