Criticality Code Justification:

Zzzy

Special Features:

Integrated circuits 13; switch 1; capacitor 14; resistor 2; resistor network 2; printed wiring board 1

Reference Number Differentiating Characteristics:

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
