Overall Length:

6.500 inches

Overall Height:

2.000 inches

Overall Width:

4.500 inches

End Application:

6625-01-255-0839 test set electronic

Product Name:

Signal pcb assembly

Special Features:

Printed wiring board 1, fuse 1, clip 1, sticker 1, signal transformer 1, transistor 2, connector-header 4, relay 5, diode 12, integrated circuit 13, capacitor 29, resistor 66; 0.035 cubic ft; mounting: 2 nutserts 4-40 thd for signal transformer, 6 holes 4-40 thd for mounting to main pcb

Unpackaged Unit Weight:

1.000 pounds

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
