End Application:

Ad1995 matrix switcher/control

Features Provided:

Electrostatic sensitive

Criticality Code Justification:

Cbbl

Product Name:

Functional description: video input module

Special Features:

T.O. 31s9-4-66-4

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
