Overall Length:

10.000 inches

Overall Height:

4.000 inches

Overall Width:

8.000 inches

End Application:

6625-01-255-0839 test-set electronics

Product Name:

Main pcb assembly

Special Features:

Printed wiring board 1 with one cut-out front width, fuse 1, clip mp-2 1, sticker 1, power transformer 1, heatsink 1, switch 2, connector-socket 4, connector-header 5, transistor 16, diode 21, integrated circuit 26, capacitor 100; 0.19 cubic ft; 4 nutserts 6-32 thd for top and bottom case

Unpackaged Unit Weight:

1.500 pounds

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
