Circuit Card Assembly - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5998-01-272-0848

End Application:
General purpose automatic data processing equipment, software, supplies and support equipment
Features Provided:
Electrostatic sensitive
Product Name:
Mechanics driver
Special Features:
Pwb 1; capacitor 53; resistor 226; transistor 47; diode 60; integrated circuit 34; bridge rectifier 3
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:

Fiig:

A511k0

Yes - demil/mli
