Overall Length:

4.500 inches

Overall Height:

0.125 inches

Overall Width:

0.250 inches

Unthreaded Mounting Hole Diameter:

0.135 inches single mounting facility and 0.144 inches single mounting facility

Mounting Facility Type And Quantity:

1 unthreaded hole single mounting facility

Material:

Copper alloy 172

Material Specification:

Qq-c-533 federal specification single material response

Surface Treatment:

Cadmium

Surface Treatment Specification:

Qq-p-416, type 2, class 2 federal specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A03600
