Overall Length:

19.680 inches

Overall Height:

7.800 inches

Overall Width:

10.220 inches

End Application:

Mx-10924/tsq-138

Special Features:

0receives tasking messages via an/rs-422 input port; performs signal classification and audio; transmits reports via an/rs-422 output port; mountingdata, atr rack mounted with rear and front atr retainers; material data, 6061 t6 aluminum alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
