**End Application:**

Meteorological equip, 433l weather observation and forecasting system and projects

**Features Provided:**

Electrostatic sensitive

**Criticality Code Justification:**

Cbbl

**Special Features:**

6660-01-056-0923, telescope set, solar; functions as the image display controller for the dips

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A511k0
