Overall Length:

4.800 inches

Overall Width:

4.625 inches

End Application:

F18 ground support equipment

Product Name:

Fsc application data: ground support equipment f-18 aircraft

Special Features:

Capacitor 15; microcircuit 7; printed wiring board 1; resistor 54; resistor network 1; semiconductor 27

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
