Overall Length:

3.000 inches

Overall Height:

0.180 inches

Overall Width:

0.330 inches

Unthreaded Mounting Hole Diameter:

0.067 inches all mounting facilities

Mounting Facility Type And Quantity:

2 unthreaded hole all mounting facilities

Material:

Copper alloy 172

Material Specification:

Qq-c-533, alloy 25, condition 1/2 hard federal specification single material response

Surface Treatment:

Cadmium

Surface Treatment Specification:

Qq-p-416, type 2, class 2 federal specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A03600
