Overall Length:

15.000 inches

Overall Height:

16.000 inches

Overall Width:

0.750 inches

End Application:

TEST-ST-ATI-ON,E

Features Provided:

Electrostatic sensitive

Criticality Code Justification:

Cbbl

Product Name:

Universal peripheral controller

Special Features:

Provides control/interface between the dps/6-h1750a computer bus and upto four ieee-488 compatible interface adapters

Unpackaged Unit Weight:

1.750 pounds

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
