End Application:

Used on the pilot night vision sensor assembly

Special Features:

Microcircuit 6; resistor 41; capacitors 10; relay 6; semiconductor 29; mounting pads 17

Specification Data:

04939-13080324 manufacturers specification

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
