**Criticality Code Justification:**

Zzzy

**Special Features:**

Printed wiring board 1, microcircuit 12, converter 3, capacitor 24, resistor 6, diode 3

**Reference Number Differentiating Characteristics:**

Material will be in accordance with ships parts control center activity quality control, manufacturing and testing specifications

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A511k0
