Criticality Code Justification:

Zzzy

Special Features:

Printed wiring board 1, microcircuit 12, converter 3, capacitor 24, resistor 6, diode 3

Reference Number Differentiating Characteristics:

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
