**End Application:**

Communication system

**Special Features:**

Major components: capacitor 10; printed wiring board 1; integrated circuit 16; resistor, fixed film 21; diode 15; purchase description identification: 80063-sm-d-986348-1

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A511k0
