Overall Length:

6.000 inches

Overall Height:

5.300 inches

Product Name:

Functional description: accepts signals ranging from +10.24v to -10.24v and converts to digital representations

Special Features:

Analog to digital converter, slow 1, sel zen diode/res set 1, resistor trim 2

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A511k0
