**Overall Length:**

6.000 inches

**Overall Height:**

5.300 inches

**Product Name:**

Functional description: accepts signals ranging from +10.24v to -10.24v and converts to digital representations

**Special Features:**

Analog to digital converter, slow 1, sel zen diode/res set 1, resistor trim 2

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A511k0
