Overall Length:

3.650 inches

Overall Width:

2.750 inches

Product Name:

Printed wiring board, tilt drive azimuth/tilt drive

Special Features:

Material plastic sheet per mil-p-13949, gfn0620c1/c1a2a; finish solder or tin lead followed by fusing; two 0.054 in. Diameter min to 0.064 in. Diameter maximum through holes; four 0.117 in. Diameter min to 0.127 in. Diameter maximum through holes; sixteen 0.016 in. Diameter min to 0.026 in. Diameter maximum through holes; twenty-six 0.034 in. Diameter min to 0.044 in. Diameter maximum through holes; twenty-four 0.044 in. Diameter min to 0.054 in. Diameter maximum through holes

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A500m0
