End Application:

Used on receiver number 78050-11 onboard 210 ft wmec coast guard vessels

Special Features:

Printed wiring board 1; pushbutton switch 1; potentiometer 5; slide switch 2; transistor 2; zener diode 2; transistor array 2; ic timer 2; capacitor 7; relay 2; diode 10; resistor network 4; resistor 13

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:
