**Overall Length:**

12.000 inches

**Overall Height:**

1.440 inches

**Overall Width:**

9.750 inches

**End Application:**

Fault assisted circuits for electronics training, pacet, lab-volt systems

**Special Features:**

Used to study digital circuits and troubleshoot them

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A511k0
